Good Morning Ron,

We are still in discussion about this request. I will provide an update as soon as possible.

Thank you

Willoughby on the west side of Seward.
If your sweeper can make a U-turn at Barton and Seward and go back up to Romaine at that point, I believe we would be fine.
Do you agree?

Perhaps there is another way to pick up those businesses on Seward south of Willoughby to Melrose with an early morning sweeper?

Thanks!

As we discussed the following things need to be researched:
1. Count the number of signs to be posted
2. Request LADOT estimate on cost (sign fabrication, removal of existing signage, installation of new signage)
3. I have a note that you were going to check on the LAUSD site: Bancroft Middle School on Las Palmas between Willoughby and Romaine
4. I have a note that you were going to check on Las Palmas signage – perhaps some of the existing signs need to be replaced due to fading or missing

I'll follow up with you in two (2) weeks regarding the status on this request. That is Tuesday August 22nd. Any questions please do not hesitate to call or email me direct. Michael I'll see you on Hudson turning right onto Santa Monica!
